

PRODUCING THE FINEST CUTS OF ALL NATURAL BEEF FOR EVERY TASTE

BEEF AT ITS BEST

- No antibiotics from birth
- No added growth hormones from birth
- Pure vegetarian diet—no animal by-products
- Cattle are raised on GAP certified farms in the Eastern US
 - full-time outdoor access
 - generous space requirement
 - 3rd party audit
- PFMN partners with approx. 200 Family Farms
- 100% of our beef is USDA graded Prime & Choice
- Grain finished to achieve consistent marbling

INTRODUCING “THE CAP”

...Pineland Farms' new state-of-the art meat Cutting And Packaging (CAP) production facility located here at Pineland Farms in New Gloucester, Maine. The CAP produces a variety of products including case-ready steak and ground beef options, either plain or marinated/seasoned, smoked/cooked meats, a deli meats line, holiday roasts, and many more choices. We offer a variety of packaging for retail, as well as bulk packs for foodservice customers. Whether its fresh boxed beef sub-primals, case-ready options, or frozen value-added items, Pineland Farms is ready to meet your needs!

THE PINELAND PROMISE

Pineland Farms Natural Meats works exclusively with farmers who responsibly raise animals with no antibiotics or added growth hormones ever. We produce the highest-quality products for a consistently delicious eating experience.
